

With four vocalists and an intricate musical style, Season Of Tears (Symphonic Death Metal, FR) has been crushing stages for five years while releasing two opus : 'OUROBOROS' (EP - 2015) and 'HOMINES NOVI' (full album - 2017). Merging multiple influences, Season Of Tears stands out with rich and complex music, fed by meaningful lyrics and neat artworks, perfectly reflected in the new EP 'DARK CARD' (out in October 2018).
